Privacy Policy for Quest For Salvation   on the Google Assistant

The content for Quest For Salvation   has been developed by Romeo V Alvarez. However, Quest For Salvation   runs on systems provided by Google, and Romeo V Alvarez does not have full access to the app. In particular, Romeo V Alvarez has no ability to access the messages you send to Quest For Salvation   or the responses that it sends back to you.

Romeo V Alvarez may receive from Google non-personally identifying information about the use of Quest For Salvation   . For instance, Romeo V Alvarez can access usage information regarding how many users are using the app, which geographical regions they are located in, and basic data including users' language, device type, and length and frequency of use. None of the information Romeo V Alvarez receives from Google identifies you, nor does it reveal to Romeo V Alvarez what information you sent to the app or what specific responses the app sent to you.

When you use Quest For Salvation   , you are also using the Google Assistant, and the [Google Privacy Policy](#) describes how Google collects and uses data about your use of the app. You may wish to consult Google's documentation regarding [what information is shared with your Google Assistant](#) and [how to delete your Google Assistant activity](#).

Romeo V Alvarez may, in the future, modify Quest For Salvation   to run on infrastructure which Romeo V Alvarez has full access to, which would allow Romeo V Alvarez access to additional information about your interaction with the app. Should that occur, Romeo V Alvarez will comply with its obligations under applicable privacy law, including updating this Privacy Policy as required.
